Create a Servitor-John Kreiter 2014

Magickal Servitors-Damon Brand 2016-01-14 Magick is used to attract money, love and luck, but it can also be used to inspire artists, to encourage loyalty and passion, to increase popularity and fame, or to repel attacks. Magick can make people see you in a new light, protect you, end bad luck, open new opportunities, and direct change in whatever way you want. If you have a need, it can be served through magick. With servitor magick you create a spirit yourself, using your mind, heart and soul, to serve your deepest needs. This is the most personal magick imaginable, and it can reward you with extreme pleasure, the power to create change, and the ability to attract prosperity in all areas of your life. Everything that could be said about servitors has been said. Until now. Servitor magick has been around for a long time, but it became popular in the last half-century or so. There are countless Chaos Magick books and free websites that will tell you how to create a servitor. There are a small number of variations on a theme, but the essence of these sources is the same. Magickal Servitors contains two major secrets discovered by The Gallery of Magick, which are embedded within the fabric of this process. This magick is designed to be accessible to beginners as well as experienced occultists. If you are new to magick, all you need is an open mind and the willingness to work with the

techniques as instructed. You will be pleasantly surprised by the way the world yields to the touch of magick. You will discover: Spirits that are easy to contact and effortless to command. Servitors that grow and change with your needs. Magick for long-term, repeating results. Servitors for Self-Development, that help you enhance or subdue a personality trait. Perception Servitors, to see people and situations clearly. Servitors of influence, to stir thoughts and feelings in others. Manifestation Servitors for material rewards and real-world change. The secret process of Vision, Creation and Life that gives birth to a loyal, powerful spirit. Acclaimed author Damon Brand say, 'With the secrets of practical magick, you create your life according to your true will. There is no higher magick than the magick that brings results.' This book presents a system for creating servitors that will enable you to craft a conscious spirit that will act on your behalf, manipulating matter, time and the patterns of reality to bring the results you desire.

This manual, written by three practicing occultists, reveals magickal and alchemical methods, many which have been lost and suppressed through the ages, in a refreshingly modern way that magickal practitioners of any tradition can understand.

The Magnum Opus, a Step by Step Course-John Kreiter 2019 It has always been my position that there is more to life, to reality, and to what is possible for human beings. As a practicing Alchemist I know that people are far more capable than they may suspect and that it is possible for those with the right knowledge and dedication to escape the three-dimensional walls that trap us all on this planet. This course is a step by step formula on how to achieve this. It is not just a 'red pill', because such red pill enlightenment is not enough. Indeed, enlightenment without power can be a curse: knowing the walls are there but having no way to get out can be hell on Earth. This course shows you how to acquire all the power that you will ever need to escape these walls, and it provides those ready for it, much more. Within the pages of this text, you will find: The way towards effortless action and unbending intent. The truth about the Great Archon and the prison without walls. The reason why your attempts at Inner Action (magick, manifestation, astral travel, etc.) up to this point may have been unreliable and weak. How to find personal enlightenment and uncover the structure of your psyche. The power of personal attention and how to master it. How to open THE GATE in order to become a true sorcerer/sorceress. How to absorb all negative energy in the present and how to gain power from this

action. How to absorb entire negative situations in order to completely stop negative trends and what some might refer to as a wave of bad luck. How to PROPERLY re-absorb all lost energy from your ENTIRE LIFE HISTORY and gain immense power. This is the technique that some may know as recapitulation, Tantric cleansing, etc. Information on energetic storage (the Cauldron). How to heal all energetic wounds accumulated after a lifetime of suffering. How to use two energy pumps simultaneously. How to refine accumulated energy in order to start the process of creating the PHILOSOPHER'S STONE. How to use the power of the Philosopher's Stone to begin to change your life situation by using powerful thought-forms. How to begin to REFINED THE PHILOSOPHER'S STONE INTO THE IMMORTAL BODY. The course includes illustrations, exercises, and a general 'workout' routine to help you reach your goal. Indeed, this is a complete course on the MAGNUM OPUS! Here you have found The Great Work of Inner Alchemy, presented in a clear and straightforward manner. There are no riddles, no cryptic symbolism, no initiation rituals, and no hidden secrets to weed out the uninitiated. This is the truth, the Magnum Opus; this is the Great Work that shows you how to create the Philosopher's Stone, and how to use that Stone to go beyond the walls that now trap human beings on this Earth. There is really no more time for games and riddles. We only have time now for the plain truth. Some have asked why present this course as a book? Why not make a video course or some other digital format that is more popular in these times? And the reason for this is quite simply: time. I have been around long enough to see many things come and go, and my senses have become keen enough to see some of the intricacies of this world. Through such experience and perceptions, I have seen things peak and wane, and I have seen many things lost within the medium of time. Videos and digital formats require a complex system to work and be maintained, and such complex systems are usually the first to fall or change when exposed to the brutal torrents and extreme pressures of time. But a print book (as well as an eBook for your convenience), that is something that you can keep in your personal library for a lifetime with only moderate care. And history has shown us that a simple book can outlast even whole civilizations.

The "Antichrist" Training Manual-Raymond Holder 2005-12-01 These are the Ancient Spells that were thought to be burned and destroyed by the Church. The only men who had these Recipes and Spells are the ones who sought to dominate the world along with everyone and everything in it. (Napoleon, Hitler) You should be warned that this is the Real and True Magic of the Ancients. It was written that the third "ANTICHRIST" will possess this information again. If there was a school book to start the Antichrist off on his path, this would be it. 2000 years worth of the planet's most ancient spells. ABOVE ANYTHING ON THE AMERICAN MARKET IN THIS FIELD. No wicca, wishcraft, no dancing around trees. What took me 25 years to get, you can have all at once. Think of any book on Magic in your possession, this book will beat it. The Way of the Projectionist-John Kreiter 2020-05-18 Escape the prison without walls A very perceptive joker once said: the only real difference between people is the size of their cages. What he meant, is that humanity is now in a cage, and that this cage imprisons us as individuals to the extent that we have the knowledge, and the personal power to fight against its binding forces. This cage is so well hidden and designed that most either don't know that they are in it, or even care to know about their current imprisonment at all. But this lack of awareness or desire for freedom has a price as most things do, and that price is that the large majority of people will live and die within the boundaries of a three-dimensional prison, a prison without walls, never knowing just how much potential they have; that indeed we are all incredibly magical creatures that can even learn to fly free across the infinite cosmos. Alchemists are people who have awakened to the fact this prison without walls exists, and they have dedicated their lives to escaping it. Their work, their doing, has for the most part been kept a secret from the majority of the human world, with only small portions of this knowledge escaping into the mainstream in the form of riddles, cryptic images, arcane formulas, and hit and miss techniques and methodologies. In this second course book in the trilogy, dedicated to the Alchemical road to immortality, I reveal the way of the projectionist, and the SECRET FORMULA that can allow you to break free from the unseen prison that binds you and most of humanity. This hidden knowledge, along with step-by-step techniques are revealed to you as I show you how to move through the Rooms of the Projectionist. THE REAL KEY TO astral travel, lucid dreams, out of body experiences and ALL altered states of consciousness. Here you will find the TRIUNE FORMULA that can allow you to leave behind the physical body, and break free of the corporeal prison in order to do and see everything that you have ever desired. In this course book you will discover: What the prison without walls is all about How to discover and free the hidden self, the True Self How to project your consciousness beyond your body How to induce altered states of consciousness without ritual, subterfuge, or drugs How to discover any secret, go anywhere, and travel through endless dimensions How to overcome and bind any situation to your power using the art of Cubing How to achieve true enlightenment and unite

the inner and outer aspects of the complete individuality The truth about how an Alchemist, as a projectionist, attains immortality...and how you can start this journey yourself! This second part of the trilogy, that started with The Magnum Opus, reveals the truth about the human condition and how to continue the journey towards eventual immortality, a journey that takes you, as a powerful practicing projectionist, on an unmeasurable road past incalculable pleasures and truly alien and awesome vistas beyond all rational understanding. Some have asked why each course is presented as a book. Why not make a video course or some other digital presentation that is more popular in this era? And the reason for this is quite simply: time. I have been around long enough, and my senses have become keen enough to see some of the intricacies of this world. The Angel Overlords-Ben Woodcroft 2019-10-02 The Angel Overlords can generate an energy state within you that attracts what you want and repels what you don't want. It is a pure form of magick that works quickly and safely. You can summon energies that will affect significant situations in your life, unlock problems that appear to be frozen, and empower your ability to manifest. Whether you seek progress, healing, material growth, spiritual exploration, or problem-solving, these energy states are a powerful way to get what you want. These angels have the authority to guide many other angels and forces that relate to these energy states. They are lords of this power and rule how it can be summoned and distributed. This is why they are known as Overlords. You work with them by using a ritual that employs a Celestial Sigil, chanted sounds, and a form of directed thought. To give just one example, you will discover Ademariel, the angel who brings The Quality of Success. This energy state will attract people and situations that enable success. It will improve your power to manifest desires while repelling obstacles, doubt, limiting beliefs, or any state that hinders your ability to succeed. There are thirty-six angels with qualities that include

Harmony, Abundance, Renewal, Inspiration, Wisdom, Connection, Hope, Intuition, Perception, and Love. Instead of casting a hundred spells and performing a whole slate of rituals, you create the energy state with ease and guide your attention to the change you require. What you need then becomes real. If you are looking for a new way of working with angels, this is an experience you don't want to miss. There is nothing else to buy, no equipment required, and you can begin your magick as soon as you have read the book.

The Path of Initiation-J. S. Gordon 2013-07-04 Details the process of spiritual initiation from aspirant to the highest Adept • Explains the characteristics of each stage of initiation, including the associated psychological issues that need to be faced to move to the next stage • Explores the long history of the Mystery traditions from ancient Egypt, Babylonia, and India to the modern Theosophy of Blavatsky and Bailey • Reveals how the Brotherhood of Spiritual Adepts is increasing global tensions to prepare humanity for the Age of Aquarius and spiritual revelation As the precessional cycle transits from Pisces to Aquarius, great shifts in spiritual evolution are on the horizon--not for all of humanity as many in the New Age movement have generously hypothesized but for those who have undertaken the necessary spiritual preparation and initiatory work. Drawing from his deep immersion in the Mystery traditions of both East and West, author J. S. Gordon investigates the initiatic path from ancient times to modern day, detailing the step-by-step process of initiation and the sequence from spiritual aspirant to the highest Adeptship. He explains the natural logic and characteristics of each stage of initiation, including the associated problems and psychological issues that need to be faced in order to move forward to the next stage. He shows how humanity is naturally inclined to spiritual evolution and the development of higher consciousness. We are part of the overall evolutionary process of Nature, a system guided by the most highly evolved Adepts and extending beyond Earth to the entire kosmos. Exploring the long history of the Mystery schools beginning with ancient Egypt, Babylonia, and India, Gordon examines the sacred metaphors and allegories of esoteric philosophy, metaphysics, occult science, and the Science of the Seven Rays as well as the Adept-inspired theosophical works of H. P. Blavatsky and A. A. Bailey. He looks at the Adept Hierarchy of the Great White Himalayan Brotherhood and considers in detail two much-discussed mysteries: The Jesus-as-Christ mystery and the Maitreya-Buddha mystery. Revealing how advancement--spiritual, scientific, and cultural--erupts out of tension, he explains how the Adepts have been increasing local and global tensions to prepare humanity for the Age of Aquarius, thereby creating the ideal preconditions for spiritual evolution and an eventual restoration of the Mysteries in our own modern era.

A Dictionary of English Synonymes and Synonymous or Parallel Expressions Designed as a Practical Guide to Aptness and Variety of Phraseology-Richard Soule 1876

The Razor's Edge-W. Somerset Maugham 2011-01-26 Larry Darrell is a young American in search of the absolute. The progress of this spiritual odyssey involves him with some of Maugham's most brilliant characters - his fiancée Isabel, whose choice between love and wealth have lifelong repercussions, and Elliot Templeton, her uncle, a classic expatriate American snob. The most ambitious of Maugham's novels, this is also one in which Maugham himself plays a considerable part as he wanders in and out of the story, to observe his characters struggling with their fates.

The Book of Snobs-William Makepeace Thackeray 1856

The Ethics of Identity-Kwame Anthony Appiah 2010-06-28 Race, ethnicity, nationality, religion, gender, sexuality: in the past couple of decades, a great deal of attention has been paid to such collective identities. They clamor for recognition and respect, sometimes at the expense of other things we value. But to what extent do "identities" constrain our freedom, our ability to make an individual life, and to what extent do they enable our individuality? In this beautifully written work, renowned philosopher and African Studies scholar Kwame Anthony Appiah draws on thinkers through the ages and across the globe to explore such questions. The Ethics of Identity takes seriously both the claims of individuality--the task of making a life---and the claims of identity, these large and often abstract social categories through which we define ourselves. What sort of life one should lead is a subject that has preoccupied moral and political thinkers from Aristotle to Mill. Here, Appiah develops an account of ethics, in just this venerable sense--but an account that connects moral obligations with collective allegiances, our individuality with our identities. As he observes, the question who we are

has always been linked to the question what we are. Adopting a broadly interdisciplinary perspective, Appiah takes aim at the clichés and received ideas amid which talk of identity so often founders. Is "culture" a good? For that matter, does the concept of culture really explain anything? Is diversity of value in itself? Are moral obligations the only kind there are? Has the rhetoric of "human rights" been overstretched? In the end, Appiah's arguments make it harder to think of the world as divided between the West and the Rest; between locals and cosmopolitans; between Us and Them. The result is a new vision of liberal humanism--one that can accommodate the vagaries and variety that make us human.

The Dean of Lismore's Book-Thomas Maclauchlan 1862

Real Magic-Dean Radin PhD 2018-04-10 The chief scientist at the Institute of Noetic Sciences (IONS) turns a critical eye toward such practices as telepathy, clairvoyance, precognition and psychokinesis. Are such powers really possible? Science says yes. According to noted scientist and bestselling author of The Conscious Universe, Dean Radin, magic is a natural aspect of reality, and each of us can tap into this power with diligent practice. But wait, aren't things like ESP and telepathy just wishful thinking and flights of the imagination? Not according to the author, who worked on the US government's top secret psychic espionage program known as Stargate. Radin has spent the last forty years conducting controlled experiments that demonstrate that thoughts are things, that we can sense others' emotions and intentions from a distance, that intuition is more powerful than we thought, and that we can tap into the power of intention (think The Secret, only on a more realistic and scientific level). These dormant powers can help us to lead more interesting and fulfilling lives. Beginning with a brief history of magic over the centuries (what was called magic two thousand years ago is turning out to be scientific fact today), a review of the scientific evidence for magic, a series of simple but effective magical techniques (the key is mental focus, something elite athletes know a lot about), Radin then offers a vision of a scientifically-informed magic and explains why magic will play a key role in frontiers of science.

The Mechanical-Ian Tregillis 2015-03-10 From "a major new talent" (George R. R. Martin) comes an epic speculative novel of revolution, adventure, and the struggle for free will set in a world that might have been, of mechanical men and alchemical dreams. My name is Jax. Scenarios of Power-Richard S. Wortman 2013-10-31 This new and abridged edition of Scenarios of Power is a concise version of Richard Wortman's award-winning study of Russian monarchy from the seventeenth century until 1917. The author breaks new ground by showing how imperial ceremony and imagery were not simply displays of the majesty of the sovereign and his entourage, but also instruments central to the exercise of absolute power in a multinational empire. In developing this interpretation, Wortman presents vivid descriptions of coronations, funerals, parades, trips through the realm, and historical celebrations and reveals how these ceremonies were constructed or reconstructed to fit the political and cultural narratives in the lives and reigns of successive tsars. He describes the upbringing of the heirs as well as their roles in these narratives and relates their experiences to the persistence of absolute monarchy in Russia long after its demise in Europe.

John the Baptist and the Last Gnostics-Andrew Philip Smith 2016-08-18 Among the casualties of the western intervention in Iraq and the recent activities of ISIS are the Mandeans of Southern Iraq. These peace-loving people are now fleeing to the west. They are the last Gnostics, the only surviving remnant of the ancient sects who taught the direct knowledge of God, created their own gospels and myths and were persecuted as heretical

by the church in the second and third centuries. The Mandeans place weekly river baptisms at the centre of their religious life and the primary exemplar of their religion is none other than John the Baptist. What is the real history of this mysterious and long lived sect? Can the Mandaean peoples really be traced back to the first century? And who was John the Baptist? This book follows the history of the Mandeans from their present plight back through their earliest encounters with the West, their place in Islamic counties, their possible influence on the Templars, back to their origins as a first century baptismal sect connected to John the Baptist and beyond.

Low Magick-Lon Milo DuQuette 2011-09-08 Take a fascinating journey into the life of one of the most respected, sought-after, and renowned magicians alive today: Lon Milo DuQuette. In this follow-up to his popular autobiography, *My Life with the Spirits*, DuQuette tells how a friend was cursed by a well-known foreign filmmaker and how they removed that curse with a little help from Shakespeare. He explains how, as a six-year-old, he used the Law of Attraction to get a date with Linda Kaufman, the most beautiful girl in first-grade. DuQuette also reveals the ins and outs of working with demons and provides a compelling account of performing an exorcism at a private Catholic high school. As entertaining as they are informative, the true stories in this memoir contain authentic magical theory and invaluable technical information.

The Apophenion-Peter J. Carroll 2008 Apophenion attacks most of the great questions of being, free will, consciousness, meaning, the nature of mind, and humanity's place in the cosmos, from a magical perspective. Some of the conclusions seem to challenge many of the deeply held assumptions that our culture has taught us, so brace yourself for the paradigm crash and look for the jewels revealed in the wreckage. This book contains something to offend everyone; enough science to upset the magicians, enough magic to upset the scientists, and enough blasphemy to upset most transcendentalists.
